Current version: v1.0 in December 2022

Also, provided a PSD document with roads and rivers. This atlas divided by 6x6 canvas. Each section is 512x512

Another PSD files are big mountains also provided

I used «Tiled» for the map creation: <https://www.mapeditor.org/>

Future:

If these prove popular, I may create further sprites to add to this set

Thank you!
